

BROKEN ELECTED
Carl D. Boren, of Tampa, president of the Peninsular Telephone Company and of the Florida Telephone Association, was elected President of the United States Independent Telephone Association in Chicago last week. The U. S. Independent Telephone Association has 1,600 independent

companies operating about 3,000,000 'phones.
DYE ELECTED
Senator Dewey A. Dye of Bradenton was named President pro tem of the 1941 Florida Senate at an informal meeting of new and hold-over members at the University of Florida homecoming at

Gainesville last week. Senator John Beacham of West Palm Beach, previously designated as President by hold-over members, was given written pledges of support from all but one member.
SPEAKS BEFORE ROTHS
Mrs. B. Elliott appeared before members of the Pahokee Rotary

club yesterday and explained the workings of the migratory Sunday school which is starting its work for the second year. Mrs. Elliott explained how many children have taken advantage of this new institution and the excellent work being done.
Walter L. Hays, president of the

American Fire & Casualty Company, points out in his house or plan. The Americanizer, that Florida has sufficient resources to add 10,000,000 to its population and still remain self-sustaining. The kind of industry and population is from congested cities to rural areas, and this movement is Florida's opportunity, he states.

Here Are a Few Things That Happened 15 Years Ago In The Glades and Were Recorded by The Everglades News

Shipment of green beans by express from Canal Point to northern markets will start next week, according to the estimates of grocers. Vegetables never have gone forward from the Lake Okechobee region by express so early before. Shipments of \$5 a bumper is received from New York and Boston.

The telegraph operators at Clewiston and Moore Haven joined the strike and the depots at both of these stations were closed.

Soon after the end of the next quarter the Canal Point post office will be advanced to third class. The postmaster will be put on a salary and an allowance will be made for clerk hire and for rent on a building.

The Pahokee Woman's Club entertained husbands of members and a few invited friends Monday evening. A fine dinner was served cafeteria style. A program that followed was made up of music by Mrs. H. C. Graham, piano and Marie Maxwell, violin; recitation by Miss Venie Mae Tiffin; songs by the male quartette (Dr. D. S. Spooner, A. R. Rice, O. B. McClure, and R. J. Schroeder), and games in which the adults took part with all of the gusto of children at a birthday party.

B. Robinson of Pahokee has bought from B. Elliott an interest

in the Pahokee Garage and the firm has taken the agency for the Ford line of cars, trucks and trailers.

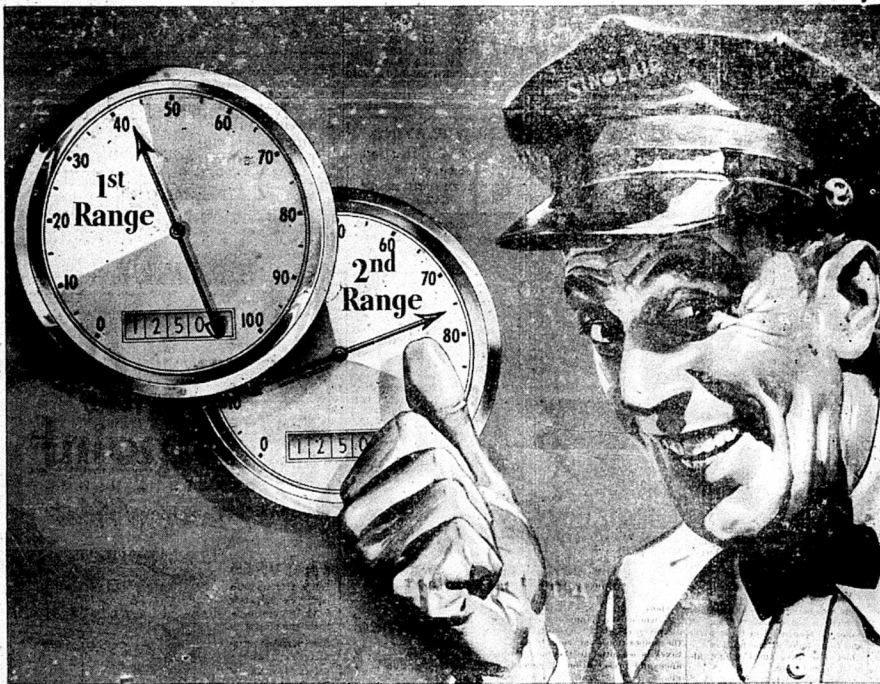

Dr. Thomas E. Will with a party of five reached Okelanta by boat Wednesday evening after an unsuccessful attempt to get over the three miles of country road from South Bay in a heavy car. Several of these northern visitors own land in this Everglades development. They were anxious to acquaint themselves with local conditions and were surprised by the rank wild growth as evidence of great fertility. They were lost in their praise of local hotel accommodations and its good meals.

Be sure and see the Blue Devils in action tonight on Air field. Delray is the opponent.

Evening Worship begins at 7:30 Sunday evening. The pastor will preach on the subject: "MY SOUL'S GREATEST ATTAINMENT". Mid-week prayer service is at 7:30 Wednesday evening. We are studying Hebrews on the last Dispensation.

"You get Double Range Anti-Knock!"

Every motorist knows that there are two important ranges of acceleration where highest anti-knock performance is needed. For example, you need knockless power at 10 to 45 miles per hour for acceleration in traffic and 45 to 90 miles per hour for passing other cars and climbing hills. Some gasolines may give high anti-knock in one range but not in the other. But the new Sinclair H-C combines high anti-knock performance in both ranges. With the

Double-Range anti-knock in H-C you also get other remarkable qualities in performance. You get quick starting—rapid pick-up—smooth power—and long mileage.

Try a complete tankful of the new Double-Range H-C in your car today. Your nearby Sinclair dealer sells it at regular price. You will find it adds to the pleasure of driving and helps reduce motoring expense as well! Ask for the new Sinclair H-C.

New SINCLAIR H-C

For performance, no gasoline at regular price is superior to the new Sinclair H-C.

CAPITAL CONSENSUS

TALLAHASSEE, Oct. 24—Annual reports now being prepared by state officials, bureaus and commissions are showing considerable increase in receipts of all revenue-producing departments with the exception of ad valorem taxation.

Whether there has been a corresponding increase in cost of state government will be determined when the reports are published. At present experts of the Legislative Institute have been employed to make a tax and revenue survey of state government. The work is now under way in Tallahassee, and upon final report of the Institute may bring the type of tax revision to be brought before the 1941 legislature.

THE DRAFT
Figures released here indicate more than 100 state employees are subject to draft. This figure does not include those employed in inspection divisions, health service, school teachers or employees of the several state institutions. Several state employees already have been called into service as reserve officers. Several others hold high ranking offices in the national guard and will report on November 25 for a year's duty.

CRIME DISCANE
Superintendent L. E. Chapman of the state prison farm at Gulfport firmly believes crime and social disease are closely related. Statistics compiled in connection with the nation-wide fight to stamp out social disease show, Chapman says, that 61 percent of state convicts committed to Gulfport are syphilitic. High as it seems, the figure is about average for the nation's convicts.

At the same time, reports from Chattahoochee state hospital indicate a drop from 24 to 10 percent in the past decade in the number of non-criminal patients afflicted with syphilis.

JOB SWAP
When Jackson County Clerk H. A. Bowles takes office as city clerk of Marianna in January, he and his successor will be swapping jobs. Bowles was defeated for re-election in the past primary by Marianna City Clerk Doc Grant.

WILLKIE-ITES HECKLED
The story is told that Willkie-Democrat speakers at Palatka, High Springs and one or two other places met with antagonistic receptions. At one point, one of the staunchest Willkie advocates in the state, after listening to the heckling received by the first speaker on the program, decided his reception might be even more frigid and vanished without making his scheduled campaign speech.

On the other hand, astute Florida Roosevelt Democrats returning from the north reluctantly admit they believe Willkie has made considerable gains in some of the

Glades Happenings

Miss Conley And Mr. Nipper Wed

The announcement has been made of the marriage of Miss Mary Lou Conley to Laveta Nipper, which was solemnized on Oct. 9 at First Baptist Church in West Palm Beach, with the Rev. F. L. Knight officiating.

The bride's sister, Miss Ann Conley, and Jack Rogers of Pahokee were the only attendants. Following the ceremony, the couple left for a wedding trip to Key West.

Mrs. Nipper is the daughter of Mr. and Mrs. William Pace Conley of Ashburn, Ga. Mr. Nipper is the son of Mr. and Mrs. L. T. Nipper, also of Ashburn. He is in the grocery business in Lake Harbor.

Members of the Methodist Women's Society of Christian Service opened their Sunday school extension service for migratory workers and their children with the organization of classes at Stuckey's packing house on Canal Point Road Sunday afternoon. Mrs. B. Elliott, chairman, was in charge of the meeting, which was attended by 38 persons.

An auxiliary to the Pahokee school band committee has been organized to direct a fund raising campaign for the purchase of new uniforms for the band. Officers of the auxiliary are Mrs. R. L. Guise, president; Mrs. Emma W. Weeks, vice president; and Mrs. L. L. Shirley, secretary and treasurer.

Mr. and Mrs. G. W. Byrd, Sr., and Mrs. E. E. Coleman attended the homecoming festivities at the University of Florida, Saturday, and visited their sons, G. W. Byrd, Jr., and Lake and Elsie Coleman, who are students at the University.

Carl Hendry, 12-year-old son of the Rev. and Mrs. James A. Hendry, of Pahokee, broke his collar bone while playing football with a group of boys on the lawn next to his home Saturday.

Associate Elder Charles H. Roberts has announced a 10-week series of mid-week prayer services at the Seventh Day Adventist Church in Belle Glade on Thursday evenings at 8 o'clock with Elder E. C. Banks of West Palm Beach in charge.

Ronald Elliott, celebrated his third birthday anniversary at a party Saturday.

NOTICE OF APPLICATION FOR TAX DEED

(Seate Bill, 1937)
NOTICE IS HEREBY GIVEN, That the undersigned, holder of Tax Certificate No. 10, issued to the State of Florida, and A. D. 1937, has been assigned in my office and has made application for a tax deed to be issued thereon. Said certificate embraces the following described property in the County of Palm Beach, State of Florida: W 66 of Lot 4 State Survey, and the SW 1/4 of NW 1/4 of Sec. 21 Township 31 North, Range 20 East, 2d Meridian. The assessment of the said property under the said certificate issued was in the name of Charles H. Roberts. Said certificate shall be sold to the highest bidder at the next house sale on the first Monday in the month of November, 1940, which is the 4th day of November, 1940. Dated this 1st day of October, 1940. (Seal)
GEO. O. BUTLER,
Clerk of Circuit Court of Palm Beach County, Florida.
Publish: Oct. 4-11-18-25 & Nov. 1

Party given by his mother, Mrs. B. Elliott, at their home on Canal Point Road. Outdoor games were played and refreshments served to Annette McIntosh, Sandra Bass, Phoebe Ann Ramey, Guy Schoepfer, Diana Lynn May, Linda Kohnke, Lida Pearl Batorman, Patsy Elliott, Allen Steger, John Pope, David Cunningham, Jr., Jimmy Coleman, Bobby Blaise, Douglas Meredith, Jimmy Schoepfer, Tommy Elliott, Jimmie Hopper, Dr. Knapp, Chastain, Bobby Carlton, Phillip Allen Dilsey, Elmer L. Elliott, Louis Pope, and Wayne Elliott.

I. L. Burton returned to his home in Canal Point this week after spending several weeks in Gainesville, N. Y., and Salem, N. J. He visited his son and daughter while away.

Mrs. R. Earl Smith of Pahokee has been appointed counselor for the Senior League of the Pahokee Methodist church.

The Pahokee Rotary club board of directors voted the sum of \$100 Sunday afternoon by the public library board to cover cost of new books to be purchased for the vocational unit. At the same board meeting the members advanced money to pay for moving the Boy Scout hut from its old location to its new site north of the Methodist church.

Excellent progress is being made on the new building in Belle Glade being erected for R. W. Slankers of Pahokee. The new building will contain one large and one small store room and space for a filling station.

John I. Leonard, county superintendent of schools, is spending some time in the Glades section this week familiarizing the citizens with the proposed \$600,000, 60 school bond issue to be voted on at the polls on Nov. 5. Mr. Leonard is forceful in his explanation of the issue and the many facilities it will cover in the school set-up in Palm Beach county's district No. 1. He spoke before the Pahokee Rotary club yesterday.

Patrol Leaders Are Named

Inez Maloy and Joy Paulet were elected patrol leaders of the Pahokee Girl Scouts at a recent meeting at the home of the captain, Mrs. O. D. Carpenter. Joy Lou Bailey and Helen Henry were chosen assistant patrol leaders. Margaret Anderson was named scribe, and Lucinda Ferraro, treasurer.

Plans were made for each cent to purchase and make one article to be donated to the Everglades National Hospital. This will apply on their sewing and community badges.

Following the meeting the old-schoolers were guests at a covered picnic supper at the home of Mrs. O. B. Beech. Attending the meeting were Betty Jo Brooker, Lena Morgan, Helen Henry, Doris Harper, Thelma Heller, Ruth Heron, Carol Phillips, Margaret Anderson, Betty Jo Brooker, Dorothea Carpenter, Patsy Raborn, Lorine Heron, Peggy and Dorothy Cato, Erma Justice, Joy Lou Bailey,

Ticks All Gone In Glades & Highlands

SEBRING, Oct. 21—Highlands and Glades counties are now free from cattle fever ticks, it was announced by the State Livestock Sanitary Board. The Board is now ready to purchase tick-free deer to replace those destroyed in the recent campaign to clear this area of the fever tick.

A committee of the Livestock Board, headed by Dr. J. V. Knapp, met recently with a committee from the Florida Wildlife Federation to discuss ways and means for purchasing and replacing deer in the present tick-free areas of these counties.

Dr. Knapp stated that two more counties, Orange and Ocala, while not yet declared tick-free, are being cleaned up rapidly and he expected to find them ready for a similar replacement program by next spring.

Many Buildings & Improvements Are Result Of WPA

1,015 New Bridges Built By WPA In State Road Program

JACKSONVILLE, Fla., Oct. 21—State Administrator Roy Schroder said Wednesday Florida WPA workers during the past five years built or improved more than 6,000 miles of roads and streets and more than 1,300 public buildings. The administrator's report, covering work completed through June 30, 1940, said the road construction program advanced at the rate of 130 miles a month in the first half of this year and that 67 new public buildings were completed in that period, or more than 5 a month.

Included in the road and street projects was the paving of 1,219 miles of rural roads and about 800 miles of streets in cities and towns throughout the state. New school buildings made available by WPA workers number 198. The WPA also improved another 278, while erecting 47 additions to schools. The workers built and improved 31 auditoriums, 19 gymnasiums, 259 other recreational buildings, 72 office and administrative buildings, 17 jails, 9 dormitories, 7 fire houses, 19 garages, 28 armories and a variety of other buildings for public use.

Bridges Number 1,014. As a part of the road program, the WPA workers built 1,015 bridges, including 151 in the first half of this year, and improved 222 others. They also constructed 6,137 culverts, as well as nearly 4,000 miles of roadside drainage. More than 190 miles of sidewalks were provided by WPA projects, as were 197 miles of water mains and 310 miles of storm and sanitary sewers. He said many of the construction projects completed by WPA prior to June 30 were related to national defense. This included Louis Byrd, and Fay Gilbert, Junita Knoblock and Gwenette Reeves, new members.

the construction and improvement of 22 airports and landing fields, which have been provided with 126,800 feet of runways and 25 airport buildings.

Approximately 50 new parks have been built as WPA projects and more than twice that number improved. In addition, workers built or improved 97 playgrounds, 105 athletic fields, 17 swimming pools and a variety of other facilities for outdoor recreation.

Other Work Reviewed. Mosquito control undertakings have resulted in the draining of tens of thousands of acres of lowlands in virtually every section of the state, Schroder said.

As to flood control and prevention of erosion included construction of 47,699 feet of bulkheads, 5,215 feet of jetties and breakwaters, and 11,610 feet of new construction in levees and embankments.

A comprehensive system of airway marking has included the establishment of 1,300 markers atop the roofs of buildings and the installation of more than 10,000 airport markers to show safe landing areas.

WPA workers built and improved 45 docks with more than 25,000 feet of usable waterfront space.

WELCOMED NEW MEMBERS

Four new members were officially welcomed into the Pahokee Rotary club at yesterday's meeting by E. G. Kilpatrick, chairman of the Rotary information committee. Those welcomed by Mr. Kilpatrick were: O. B. Beech, Chas. W. Willis, John B. Harrington and Vance Denton, high school student member.

More Juice From Lauderdale Plant

Installation of the new 30,000 kilowatt turbo-generator in a new wing of the Lauderdale steam electric station of the Florida Power & Light company will be complete in November, and about November 15 will be "cut in" on the company's inter-connected system.

The new generator will increase the capacity of this plant to 90,000 kilowatts, an increase of 50 percent. The new addition also includes a higher capacity boiler, new waterwall furnace and superheaters to produce higher pressure at higher-than-usual temperatures.

McGregor Smith, FPL president, pointed out that fortunately the new unit will be ready in time to augment the capacity of the system during the winter season of peak loads. Though planned several years ago to keep ahead of prospective demand, its completion on schedule is none too soon, Mr. Smith commented, because of the phenomenal growth of Florida's resort areas.

This station is the largest power-maker on the FPL inter-connected system. Other plants are located at strategic points throughout the state, and the central control station, governing the entire system, is at Ft. Pierce. Fuel oil is used for steam production, but all boilers at this plant are designed for conversion into

powdered-coal burners, if any emergency, such as national defense needs, should curtail oil supplies.

NEW OFFICES OPEN

The new office building of the T. S. Sugar Corp., in Clewiston was opened on Tuesday of this week. Special ceremonies planned for the opening were cancelled when H. J. B. Scharnberg, an employee of the company, committed suicide just a few hours before the scheduled opening.

Limiting the amount of sugar produced in Florida to less than the actual amount needed for use within the state, is not only a disaster.

severe setback to Florida's agricultural development but is depriving thousands of unemployed an opportunity to work and is directly retarding the development of an industry that means much to this state.

More than 100,000 black beans "cay" will be reared to fengling stage and planted in the lakes of Lake County during the next 12 months through a plan developed by the Board of County Commissioners.
